7.—POST OFFICE.

1. LETTERS.

The numbers of letters delivered from the Aberdeen Post-Office are, as elsewhere, counted for the week ending the 21st of each month; the average weekly and yearly numbers for the past five years are as follow:—

	Week.	Year.
1851.....	27,615	1,435,975
1852.....	28,918	1,503,762
1853.....	29,062	1,511,258
1854.....	29,820	1,550,640
1855.....	38,886	2,022,098

For each counting week of 1855, the numbers were:—

Jan.	37,367	May	37,076	Sept.	41,613*
Feb.	38,098	June	40,033	Oct.	38,769*
March	37,457	July	37,048	Nov.	39,216*
April	36,292	August	40,262	Dec.	43,407*

* Including Book Packets and charged Newspapers.

In order, however, to make results uniform, and such as to include the city only, in the first table, there has been deducted from the total of the second 61,000—being at the rate of fully 5000 for each reckoning week—on account of sub-offices, whose letters are now included in the enumeration of the Aberdeen delivery. The above figures, after making allowance for book packets and charged newspapers—averaging about 1000 for the week—show a large increase of Post-office, and, consequently, of general business, in the city and district.

The amount of Post-Office Postage Revenue for year ending 31st Dec., 1855, was £10,918.

2: MONEY ORDERS.

Total number issued and paid, with the amounts, during each of the past five years, ending with 31st December:—

(1.) <i>Issued.</i>			(2.) <i>Paid.</i>		
	Number.	Amount.		Number.	Amount.
1851.....	12,023	£23,240 0 0	1851.....	17,163	£31,122 0 0
1852.....	13,715	25,927 0 0	1852.....	18,042	33,722 0 0
1853.....	14,151	27,421 0 0	1853.....	19,298	37,046 0 0
1854.....	14,983	28,957 0 0	1854.....	20,053	38,728 0 0
1855.....	15,949	29,743 11 4	1855.....	20,862	40,123 13 0

This shows a total for 1855, of 36,811 orders, issued and paid—the amounts, together, being £69,867 4s. 4d.; also a large increase on this department. The amount of commission received, in 1855, was £264 6s. 3d.

8.—SHIP-BUILDING.

There were launched here, during 1855:—

	Tonnages.		
Vessels.	N. M.	O. M.	
11	7596	8300	

The old tonnage is partly estimated. The average tonnage per vessel is about 700 N.M.; or, taking into account those intended for commerce (*i.e.* exclusive of yachts, &c.,) 800 tons is the average—a prodigious advance within the last thirty years.

RATES OF POSTAGE OF FOREIGN AND COLONIAL LETTERS, &c.

When the route by which a Letter, &c., is to go is not marked on it, it will, under ordinary circumstances, be sent by the route immediately following the name of the place. Thus, a Letter or Newspaper directed to India, with no route marked on it, will be sent via Marseilles, and charged the higher postage attendant thereon.

DISTANCE TO WHICH THE POSTAGE CARRIES THE LETTER, &c.—The letter (*d*) prefixed to any division (as that of Letters or Newspapers) shows that the postage there entered carries the Letter, &c., from the place where it is posted in the United Kingdom to its place of destination. In all other cases the postage carries it only part of the way.

EXCEPTIONAL RATES OF POSTAGE.—Rates of Postage chargeable upon Newspapers, Gazettes, Periodical Works, Stitched or bound Books, Pamphlets, Sheets of Music, Catalogues, Prospectuses, Announcements, and notices of various kinds, whether printed, engraved or lithographed, addressed to France, and countries through France; which rates must be paid in advance:—

B. The privilege of the Book Post to and from India and New South Wales is limited to packages not exceeding 3 pounds in weight. Any package weighing more than 3 pounds is liable to the Letter Rate of postage.

G.U. According to the regulations of the German Customs' Union, no Letter exceeding 50 grammes (a little more than $1\frac{1}{2}$ oz.) in weight, and containing any other enclosure than paper, can be allowed to circulate by the post. Any Letters, therefore, forwarded in the Mail to Prussia above that weight, and containing any other enclosure than paper, will be liable, on their arrival at the Prussian frontier, to be stopped, and sent to the Custom House for delivery as *freight*.

REGISTRATION OF LETTERS.—By the prepayment of the usual British Registration fee of 6d., Letters can be registered between this country and the British West Indies, Malta, and Ceylon; and by the prepayment of the British registration fee and the additional prepayment of a Foreign registration fee, Letters can be registered between this country and France and Prussia, and countries through France and Prussia. Moreover, by the prepayment of the British registration fee, Letters can be registered between this country and Belgium and Holland, and countries through Belgium and Holland. Again, by the prepayment of the British registration fee, a Letter addressed to any other place can be registered to the port of despatch, and entered separately in the Letter Bill; it being in these cases left to the postal authorities of the Colony or Foreign Country to carry on the registration, or not, as they may choose. The British and Foreign registration fee on a Letter to France, or to a country through France, is double the rate of Postage, *both British and Foreign*, whatever that may amount to. Thus, the joint British and foreign postage on a Letter to France weighing not more than $\frac{1}{4}$ oz. being 4d., the Registration fee on such a Letter would also be 4d.

The Foreign Registration fee on a Letter to or through Prussia (except to Russia) is 3d., without regard to weight; making a total fee, British and Prussian, of 9d., in addition to the ordinary postage.

STAMPS AND MONEY.—Books must always be prepaid in stamps the prepayment of Letters outwards (that is from this country to places abroad) may be made either in money or English postage stamps.

COLONIAL BOOK POST REGULATIONS.

The postage (which may be found by referring to the table of foreign and colonial postage,) must be prepaid in full by means of postage stamps affixed outside the packet or its cover.

Every packet must either have no cover, or be sent in a cover open at the ends or sides. The packet may contain any number of separate books, or other publications, prints, or maps, and any quantity of paper, parchment, or vellum, (to the exclusion, however, of letters, sealed or open, or any enclosure, sealed or otherwise closed against inspection); either printed, written, or plain, or any mixture of the three, together with whatever is necessary for the safe transmission of literary or artistic matter, or usually appertains thereto.

No letter, or communication of the nature of a letter, written or printed, in any such packet, or on its cover, is allowed, but entries merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

No book-packet to exceed two feet in length, width, or depth.

The Colonial Book Post extends to those Colonies only which are so marked in the Table of Colonial and Foreign Postage.

In no case can a book-packet be sent to the Colonies (except at the letter rate of postage) through a foreign country.

FOREIGN AND COLONIAL NEWSPAPER REGULATIONS.

Newspapers sent abroad are liable to the same regulations as Newspapers circulating (under the newspaper privilege,) through the United Kingdom, except that, before going abroad, the name of the Newspaper must have been registered at the General Post Office, and that instead of requiring to have an impressed stamp, each Newspaper, if sent to a British Colony, is liable to a postage of one penny (which must be prepaid by a postage label or in money,) together with an additional postage (as shown in the Table of Colonial and Foreign postage) when the Newspaper has to pass through a foreign country. In all cases of Newspapers going abroad, the impressed stamp stands for nothing.

A Stamp which has been cut from an envelope and affixed to a letter, entitles it to pass free of charge.

Re-directed Letters are charged an additional postage for each re-direction, according to the Prepaid Scale.

When the value of Stamps on a letter is less than the amount of the postage to which it is liable, the letter will be charged double the amount of such difference on delivery, but letters exceeding in weight four ounces, will be charged with *double* the amount of the difference between the stamps affixed and the prepaid rates, and be either detained and opened, and returned to the sender or forwarded at the option of the Postmaster-General.

All persons sending letters by the post unpaid, which, from any cause whatever, cannot be delivered to the parties to whom they are addressed, are liable to pay the postage charged thereon, which may be recovered, with costs, by summary proceedings before a Magistrate.

By the 1st Victoria, cap. 36, sec. 2, any person illegally conveying Letters, incurs a penalty of £5 for every offence, and £100 for every week the practice is continued. The sender also incurs a penalty of £5 for every offence, with full costs of suit.

Entries merely stating who sends, or to whom the book is sent, are not considered as letters, and are allowed when the amount of postage is 4d.

But, if the postage paid be less than 4d., the packet must consist *exclusively of printed matter*; the number of publications or separate sheets, bound or unbound, not being restricted.

PERIODICAL PUBLICATIONS, INCLUDING NEWSPAPERS.

Periodical publications, including Newspapers, published in the United Kingdom, at intervals not exceeding thirty-one days, and which bear an impressed stamp or stamps denoting the stamp duty (of the kind formerly confined chiefly to newspapers) may be transmitted and re-transmitted through the post within the United Kingdom free from postage, under the following regulations, viz. :—

They are subject to the same restrictions, with regard to the number of sheets and superficial extent, as were lately applicable only to Newspapers, properly so called. These restrictions are shown in the following table :—

Amount of Stamps impressed on the Publication.	Maximum Number of Sheets.	Maximum Superficial Extent of Letterpress on one side.
One Penny.....	Two.	2,295 inches.
Three Halfpence.....	Three.	3,443 "
Twopence	Four.	4,591 "

The impressed stamp on each publication must be at least of the value of one penny.

The title and date must be printed at the top of every page.

The publication must be folded so as that the whole of the stamp or stamps, denoting the full duty, shall be exposed to view; and when, in the same cover, there are more than two, it will be sufficient if they are so arranged as readily to admit of examination.

The publication must not be printed on pasteboard or card board, or on two or more thicknesses of paper pasted together, nor must any pasteboard, card board, or such pasted paper be sent with it as a back or cover thereto, or otherwise.

It must be posted within fifteen days from the date of publication.

It must either have no cover, or a cover open at the ends.

It must contain no enclosure.

No mark or writing is allowed but the name and address of the person to whom it is sent, nor any thing on the cover but such name and address, the printed title of the publication, and printed name and address of the publisher or vender who sends it.

If addressed to any one within the free delivery of the place where it is posted, a postage stamp—1d., must be affixed.

Unstamped publications, or stamped publications, which have been issued more than fifteen days, can be forwarded within the United Kingdom, and to the Colonies under the regulations of the Book Post.

Newspapers and other Periodicals, published in the Islands of Guernsey, Jersey, Alderney, Sark, Isle of Man, will be subject to the same regulations as those which are published in other parts of the United Kingdom.

REGISTRATION OF LETTERS, &c.

By the prepayment of a fee of Sixpence (which must be made not in Money, but by affixing Stamps) letters, books, or other packets paying *ordinary* postage may be registered. This will make their transmission more secure by rendering it practicable to trace them from their receipt to their delivery.

Life Department.

THIS COMPANY undertakes every description of Assurances on Lives.

The Premiums are moderate; and every improvement, suggested by experience or observation, has been introduced into the rules and practice of the

Office. In particular, Extra Premiums for residence in foreign countries have been dispensed with to such extent, that a large proportion of the assured, who may go abroad, will be free from any charge beyond the ordinary premiums, excepting for sea risk;—Holders of policies on the lives of others are protected from forfeiture on account of Extra risks incurred without their knowledge;—and, in the event of surrender, a liberal return is guaranteed, greatly exceeding what is usually allowed.

The next Investigation is appointed to take place at 31st January, 1857. Policies in connection with the Participation Scheme, for which Proposals may be lodged on or before that date, will entitle their holders to share in the division of profits.

Prospectuses containing important information regarding the last investigation, as at 10th February, 1852, with Tables of Rates, may be obtained on application at any of the Offices or Agencies of the Company.

# SCOTTISH WIDOWS' FUND LIFE ASSURANCE SOCIETY,

FOUNDED A.D. 1815,

Upon the principles of purely Mutual Assurance.

HEAD OFFICE, 5 ST. ANDREW SQUARE, EDINBURGH.

*Accumulated and Invested Fund nearly THREE MILLIONS STERLING.  
Annual Revenue upwards of THREE HUNDRED AND SEVENTY THOUSAND POUNDS.*

PRESIDENT,

THE RIGHT HON. THE EARL OF ROSEBERRY, K.T.

VICE-PRESIDENTS,

THE MOST HON. THE MARQUIS OF TWEEDALE, K.T. & C.B.

THE RIGHT HON. THE EARL OF ELLESMERE.

ROBERT DUNDAS, Esq. of Arniston.

THE REV. DR. JAMES GRANT, Edinburgh.

THE SCOTTISH WIDOWS' FUND has now been in existence for upwards of Forty years, and its operations have been attended with a large and gratifying amount of success in all parts of the United Kingdom the subsisting Assurances amounting to more than EIGHT MILLIONS STERLING, while the society has paid away to the representatives of deceased members a further sum of TWO MILLIONS. A considerable portion of this last amount consisted of *Bonus Additions* to the Policies; these being in the case of policies opened during the earlier years of the Society's existence *more than the sum originally assured*. The extent of additions that have been declared to policies of £1000 that were effected prior to the first of January, 1853, may be seen from the following table of Examples:—

| Year of Entry.    | Additions. | Year of Entry. | Additions. |
|-------------------|------------|----------------|------------|
| 1815 to 1819..... | £1031 1 8  | 1841.....      | £257 4 0   |
| 1825.....         | 611 19 6   | 1845.....      | 144 19 0   |
| 1830.....         | 502 11 3   | 1850.....      | 52 10 0    |
| 1835.....         | 382 0 5    | 1852.....      | 17 10 0    |

Provided there is no legal impediment in the way, the additions may be commuted into an equivalent cash payment, or into a reduction from the future premium; and the effect of the application of the latter plan, so far as regards the earlier Policies, would be *entirely to extinguish the premium, leaving a considerable balance of Bonus unappropriated, with a reservation of the right of the Member to all future Bonuses*.

Tables of Rates, Prospectuses, Forms of Proposal, &c., and all other information may be obtained on application to the Head Office, or to any of the Agents in the United Kingdom.

ESTABLISHED 1836,

And Incorporated by Special Act of Parliament,

For Fire and Life Assurance, at Home and Abroad,

CHAIRMAN:

JOHN CRUICKSHANK, Esq., L.L.D., Professor of Mathematics in the Marischal College and University of Aberdeen.

**T**HE IMPORTANT ADVANTAGES offered by the Plan and Constitution of this Company are—

The protection of a large paid-up Capital, with the guarantee of an influential Local Proprietary, nearly **1000** in number, and

The moderate Fire and Life Rates, which are on the most economical scale consistent with perfect safety.

The Assets of the Company amount to a **QUARTER OF A MILLION STERLING.**

The Annual Revenue exceeds **£140,000.**

In the Life Department, intending Assurers have the option of joining

**THE PROPRIETORS' BRANCH,**

adapted for those who prefer the present advantage of Reduced Premiums to a future Bonus; or

**THE MUTUAL ASSURANCE BRANCH.**

The Assured on this scheme incurring no liability, the guarantee of the Company being interposed, and the business conducted for a fixed charge of *ten per cent.*

on the Premiums paid—and the **WHOLE PROFITS** thereafter being divisible among the Assured.

At the Twentieth Annual Meeting of the Company, held on 13th June, 1856 Bonuses at the rate of £1 7s. 6d per cent., per annum, were declared on the amounts assured by all existing participation policies, and on their previously vested additions, for example—

1. A Policy for £1000, opened 30th April, 1837, is now increased to..... £1284 19 8
2. A Policy for £1000, opened 30th April, 1843, is now increased to..... 1199 6 6
3. A Policy for £1000, opened 30th April, 1849, is now increased to..... 1112 16 5
4. A Policy for £1000, opened, 31st January, 1856, is now increased to..... 1013 15 0

And these Policies have besides allotted to them **CONTINGENT PROSPECTIVE ADDITIONS** at the same rate, should they become claims before the next Investigation in 1861.

It will be found that these benefits, when viewed *in connection with the moderate Premiums charged*, bear a most favourable comparison with those granted by other Companies.

# BANK OF DEPOSIT,

National Assurance and Investment Association,

No. 3, PALL MALL EAST, LONDON.

---

ESTABLISHED A.D., 1844.

EMPOWERED BY SPECIAL ACT OF PARLIAMENT.

---

CAPITAL STOCK, £500,000.

---

ABERDEEN BRANCH OFFICE, 202 UNION STREET.

---

**T**HIS Association is composed of two distinct and separate branches:—the one comprising the business of a BANK OF DEPOSIT for the Investment of Capital; the other, the ordinary transactions of LIFE ASSURANCE.

## BANKING DEPARTMENT.

The object of this Department is to afford a safe and easy mode of Investment, and to effect important improvements in the present system of Monetary economy, both as regards the security afforded to the Public, and the rate of interest realized.

The nature of the business transacted by ordinary Banks, compels them to invest the greater portion of their Funds in such Securities only as are available at *call*,—consequently yielding but a low rate of Interest,—the plan of the Bank of Deposit differs materially in the mode of investing Capital—ultimate profit and security being the main objects regarded, the Funds are principally employed in Loans upon vested Life Interests and other similar securities, and in the purchase of well-secured Reversions,—a class of securities which, although not immediately convertible, it is well known yields the greatest amount of profit, combined with the most perfect safety.

## INTEREST.

*The rate of Interest for the past TEN YEARS has been five per cent. per annum; and it is confidently anticipated, that a careful and judicious selection from Securities of the above description will enable the Board of Management to continue this rate to Depositors. The Interest is payable in January and July, and is placed to the credit of the depositor's account, whether called for, or not.*

## SECURITY TO DEPOSITORS.

The Capital Stock, which is altogether distinct and separate from the Depositors' Stock, together with the Revenues and constantly increasing Funds of the Association, amply guarantee the due fulfilment of every engagement. Added to which, in every case where money is advanced, the Loan is coupled with an Assurance on the Life of the Borrower or his Nominee; and it is the special business of the Board of Management, not only to satisfy themselves of the validity of the title, but also that the property greatly exceeds in value the sum lent—in itself affording the most perfect security to Depositors.

## INVESTMENT ACCOUNTS.

Money is received daily, between the hours of ten and four o'clock, and at other hours on certain days of the week, by arrangement to suit Depositors. Investment Accounts may be opened with Capital of any amount, and increased from time to time, at the convenience of Depositors.

A Stock Voucher, signed by two Directors, is given for each sum deposited.

## WITHDRAWAL OF DEPOSITS.

In order that the permanent and profitable investments in which the funds are employed may not be unnecessarily disturbed, and as a protection to Depositors themselves, the Board of Management have reserved power to require six months' notice before Deposits can be withdrawn. *In practice, however, it has not hitherto been found necessary to require any notice, and parties have invariably been allowed to withdraw the whole or any part of their deposits, on application being made.*

---

**ASSURANCE DEPARTMENT.**

The important advantages afforded to the Public by well-regulated Establishments for the Assurance of Lives, and the sound principles on which these Institutions are founded, have been proved by their complete and continued success. So decided and so manifest are the benefits resulting from the System of Life Assurance, both in regard to the provision it affords to families in the event of premature death, and the security it gives to Creditors, for debts otherwise irrecoverable, that with every increase of information and intelligence, there appears an increased desire, on the part of the public, to participate in its protective advantages.

**Assurances may be effected by parties on their own Lives, or by Parties having a pecuniary interest therein, on the Lives of others.**

The effect of an Assurance on a person's own life is *at once* to create a Property in Reversion, which can by no other means be realized. By this means a bequeathable property may, at any time, be acquired, subject to the condition of paying a small annual premium during life;—a condition which may be fulfilled by the mere saving of a few shillings in weekly expenditure. Thus, by the exercise of a very slight degree of economy, such, indeed, as can scarcely be felt as an inconvenience, suitable provision may, in the event of death, be made for those depending upon our exertions for support.

Assurances may also be advantageously effected on the lives of others, either for securing loans or debts, or in any case where a person may sustain pecuniary loss by the death of the party whose life is Assured.

Assurances may be effected from £50 to £10,000 on a single life.

**MUTUAL ASSURANCE.**

*The entire profits of this Branch belong exclusively to the Assured, and are applied Annually in reduction of the current Premiums on those Policies upon which five or more yearly payments have been made. The annual appropriation of the surplus funds is of essential importance to Policy-holders, by enabling them to participate in the profits at earlier periods, and upon more equitable principles than they could do under the system usually adopted. In Mutual Assurance the premiums paid are accumulated for the sole benefit of the Assured; the affairs are periodically under the supervision and control of the Policy-holders, and the advantages to those whose object it is to make settlements, or provide for their families, are so great, that they only require to become known to be generally adopted.*

Assurances may be effected on the NON-PARTICIPATING PRINCIPLE, at very low rates of premium, payable in a variety of ways, to suit the circumstances and convenience of different classes of Assurers, as may be seen, on reference to the varied and extensive tables, which have been constructed expressly for the use of this Institution.

---

**Half-Credit Rates of Premium.**

Persons assured in the Mutual Branch by Table II., or in the Non-participating Branch by Table V., are required to pay half the amount only of the Annual Premium—in the former case during the first FIVE, in the latter case during the first SEVEN YEARS; Interest being charged upon the Half Premiums, for which credit is given. Assurances may thus be effected at rates almost as

low as those required for the term of seven years only; whilst Policy-holders have the same security for the payment of their claims *whenever death may happen*, as if they had paid the full amount of Premium for Assurances effected in the usual way.

Amongst the varied and extensive Tables which have been constructed for this Institution, those for Reversionary and Deferred Annuities are particularly deserving of attention, whether regarded as a means of providing for a particular individual, or as a resource against the casualties of age, and the uncertainties of health and fortune.

Immediate Annuities, and Endowments for children, are granted on favourable terms.

---

### Other important Advantages enjoyed by Policy-holders in this Institution.

Officers in the Army and Navy Assured at Tabular rates when not engaged on active service; when so engaged, a moderate addition only will be required; or if preferred, a fixed rate of premium, to cover all contingencies, may be paid when the Policy is issued.

Persons, not Mariners by profession, whose lives are assured, will be at liberty (without extra charge) to proceed in Decked Vessels or Steamboats from any port in Europe to another; also, to cross the Atlantic, and afterwards proceed to any part of Upper or Lower Canada, or of the United States, not farther South than the latitude of the City of Washington, nor farther West than the River Mississippi. Special Licences for particular places, and general Licences to proceed to any part of the World, granted on moderate terms.

Thirty days are allowed for the payment of Renewal Premiums; but Policies having lapsed, may be revived at any time within Twelve Calendar Months, without the exaction of a fine, upon the production of satisfactory evidence of unimpaired health, and on payment of the Premium in arrear and Interest thereon

The age of the Assured and the interest of the holder admitted on the Policy, upon satisfactory evidence.

In the event of Suicide, by parties effecting Assurances on their own lives, if the Policy be assigned to a *bond fide* Creditor, the sum assured will be paid without deduction; if the Policy be not assigned, the premiums received thereon will be returned to the family of the Assured.

Policies issued free from Stamp Duty.

Policies are payable Three Months after proof of death has been furnished to the Board of Management

Medical Men are, in all cases, remunerated for their Reports.

Ladies and others, to whom it may be inconvenient to attend at the Office, visited by one of the Medical Officers

Policies may be transferred by the Owner, by Special Endorsement, Forms of which will be furnished on application at the Office; and the Transfers acknowledged and Registered if required.

Advances will be made by the Association on security of their own Policies, after they shall have acquired sufficient value, either to assist in payment of future premiums, or for other purposes; or they will be purchased on liberal terms.

By these, and other Regulations peculiar to this Office, it is presumed that the important object has been accomplished of rendering a Policy of Assurance a complete instrument of security, as well as a valuable property, which the owner may bequeath or dispose of in any way he may think proper.

**T**HE BUSINESS carried on by this Association embraces every description of Risk contingent upon Human life, and combines all the advantages of the MUTUAL and PROPRIETARY Systems of Assurance.

The Policies of the Association are secured by a protecting Capital of ONE MILLION Sterling, subscribed by a large and influential body of Proprietors.

The PARTICIPATION POLICIES receive valuable periodical additions from the profits of the extensive business carried on both in Scotland and England, and thus present a most advantageous mode of Investment for Family Provision, with entire exemption from responsibility. At last Investigation, a BONUS of TWO PER CENT. PER ANNUM, was added to the sums Assured. Thus a Policy opened in 1840 for £2000 was increased at Christmas, 1846, to £2280.
